

Habibi Rizqullah A.Md.Kom.

Medan, Indonesia | +62 812 7111 8127 | habibirizqullah27@gmail.com

SUMMARY

A motivated and adaptable Informatics Engineering graduate with hands-on experience in the telecommunications, banking, and government sectors. Skilled at working in both technical and administrative roles through internship programs and organizational involvement. Demonstrates strong analytical thinking, problem-solving, communication, and teamwork abilities, while consistently adapting to new challenges and learning opportunities. Experienced in supporting project implementation, handling operational and administrative responsibilities, and collaborating with multidisciplinary teams. Committed to applying technical knowledge, creativity, and a continuous improvement mindset to contribute effectively in fast-paced and professional environments.

EDUCATION

Universitas Sumatera Utara

Diploma of Education, Informatics Engineering - GP: 3.80

SMA Shafiyatul Amaliyyah

Science - GP: 88,89

EXPERIENCE

Archive Division (Intern)

PT. Bank Sumut [Jun 2025 - Jul 2025]

- Helped improve and add features to the SIPABS (Sistem Informasi Pengarsipan dan Administrasi Bank Sumut) code.
- Assisted in troubleshooting and debugging the SIPABS system to ensure smooth functionality.
- Contributed to the development of new features based on user needs and operational requirements.
- Supported the team in implementing updates and ensuring the system ran properly.
- Participated in system testing and provided feedback for further improvements.

IT Team (Certified Internship)

BPJS Ketenagakerjaan Cabang Medan Kota [Aug 2025 – Dec 2025]

- Managed and supported webinars, including technical setup and participant assistance.
- Assisted users in JMO (Jamsostek Mobile) activation, troubleshooting, and guidance.
- Conducted data blasting and reporting related to JMO activation progress.
- Developed a performance visualization website to monitor intern achievements and JMO activation metrics.
- Developed an interactive monitoring dashboard to track and analyze ASN participation in the SERTAKAN (*Sejahterakan Pekerja Sekitar Anda*) program across Medan City regional apparatuses (OPD).

Web Developer (Freelance)

Dinas Kependudukan dan Pencatatan Sipil (Disdukcapil) Kota Medan | [Oct 2025 – Nov 2025]

- Developed an end-to-end Financial Reporting Information System (*Sistem Informasi Pelaporan Keuangan*) to streamline budget tracking and reporting workflows.
- Built interactive, mobile-responsive monitoring dashboards using Chart.js to visualize financial data, program allocations, and PPTK metrics dynamically.
- Integrated real-time data pipelines using Google Sheets API / Google Apps Script as a lightweight backend data source.
- Implemented secure authentication features, including user session handling, a "Remember Me" function, and custom role-based navigation with a collapsible sidebar.
- Optimized UI/UX performance, responsive data tables, and deployed the production-ready application seamlessly on Vercel.

PROJECT

Face Recognition-Based Attendance System Using Artificial Intelligence (AI)

- Developed a cross-platform mobile/web attendance application integrating real-time facial recognition and automated logging, achieving high verification accuracy across user profiles.
- Built an end-to-end processing pipeline using computer vision libraries for facial feature detection and dynamic geolocation validation (geofencing) to ensure location-based check-in integrity without manual input.
- Implemented comprehensive administrative and user features, including a real-time attendance dashboard, automated leave/permission request workflows, and automated report generation with exportable analytics.

SKILLS

- Programming Languages: Python, JavaScript, PHP, HTML, CSS.
- Frameworks & Libraries: React, Bootstrap, Chart.js
- Databases: MySQL, PostgreSQL, Google Sheets API
- Web & API Integration: REST API, Google Apps Script
- IT Support & Troubleshooting
- Social Adaptability | Passion for Continuous Learning
- Language Skills: Indonesian (Native), English (Advanced)
